The Dermalogica ethos is grounded on the importance that products for a healthy skin regimen should be recommended by a professional skin therapist with the same care that a physician would prescribe medication. Dermalogica's formulas have pioneered new standards for product performance. Using only the finest ingredients available, all products are non-comedogenic and contain no occlusive mineral oil or lanolin, no irritating artificial colours or fragrance and no drying S.D. alcohol. Developed with the environment in mind, Dermalogica also ensures that all ingredients are from eco-safe sources and are packaged in recyclable containers. Always cruelty-free, they do not test on animals.
